

DefendMyID

IDENTITY THEFT PROTECTION

Top Tier Protection At A Fraction Of The Cost

The DefendMyID Identity Theft Protection bundle offers top-tier protection at a fraction of the price of industry leading competitors. DefendMyID includes all of the following services to protect your identity and secure your future:

CyberSearch

CyberSearch is a proprietary surveillance technology that monitors activity on internet and millions of data points and alerts subscribers if their personal information is being bought or sold online.

Full-Service Restoration

DefendMyID's Full-Service Identity Restoration service provides compromised subscribers with a certified identity theft restoration specialist to provide full-service identity restoration.

Payday

DefendMyID's Non-Credit Loan Services alert subscribers when loans have been acquired with their Social Security number. The reports reveal quick-cash or "payday" loans associated with a subscriber's information.

Lost Wallet

DefendMyID's Lost Wallet Services provide Subscribers protection for personally identifiable information that has been compromised.

Change Of Address

Change of Address Service reports and monitors if and when an enrolled subscriber's mail has been redirected through USPS. The Change of Address database is queried and data is made available on a weekly basis.

SSN Trace

Social Security Number Trace Service provides a report of all names, aliases and addresses associated with a Subscriber's Social Security Number. Detection of both synthetic identity fraud and true name identity fraud is included.

Credit Monitoring

DefendMyID supports Experian, Transunion and Equifax credit data. DefendMyID can provide TransUnion Single Bureau (1B) or Tri-Bureau (3B) Credit reports, scores and/or monitoring.

\$1 Million Insurance

Identity Theft Insurance will reimburse subscribers in the US for certain expenses associated with restoring their identity should they become a victim of identity theft after enrollment.
